When Your Reimbursement Should Arrive

Your check will arrive based on your employer's payment schedule, usually within about two weeks. If you request reimbursement by check and your approved payment is less than \$25, we will wait to send reimbursement until we receive additional claims that make your total reimbursement amount at least \$25. If we don't receive any additional claims, we will send your reimbursement at the end of your plan's runout period. There is no minimum amount required for reimbursement by direct deposit.

Read Your Claim Requirements Carefully

When filing a claim, you must provide documentation (proof) that you purchased an eligible item or received an eligible service.

Many plans require a copy of the Explanation of Benefits (EOB) from your insurance company as proof. Some plans require an itemized receipt. Your claim will not be paid until the required proof is received.

All receipts/bills must include the name of the person receiving the service, a date of service during the plan year, a description of the service, the provider's name, and the amount you must pay.
